PRESIDENT EDDY

Has Been Buying Steel Coal Cars—
He Quiets the Steel Plant Rumor.

President C. B. Eddy of the E. P. & N. E. arrived last night from Chicago, and left for Alamogordo this morning. Mr. Eddy was seen at his rooms this morning, concerning his trip and said: "I have been east to buy new cars for the road, and placed an order with the American Car and Foundry company for one hundred pressed steel coal cars. These cars are made entirely of steel, they will have a capacity of forty tons, and were made at the company's plant in St. Louis; they will be shipped to us as an early day."

"The traffic of the E. P. & N. E. is in an exceedingly healthy condition, and the output and demand of Captain coal is heavy."

"Concerning the alleged steel plant at Alamogordo for the construction of which my brother and I were reported as visiting in New York, I have simply to say that there is nothing in it. We have not been to New York for the purpose of raising funds for such an enterprise, nor to raise funds for any other purpose."

"I found the people of the north very much exercised over the conditions in China as they affect our citizens there."

"My trip was a pleasant one, although I was somewhat busy, looking after private affairs as well as those connected with my office."

General Superintendent Greig met Mr. Eddy here and accompanied him to Alamogordo.

Fred Tegtmeyer Dead.

News was received this morning of the accidental death at Fort Wayne, Indiana, of Fred. Tegtmeyer, a conductor on the P., F. W., & C. The fatality occurred Wednesday morning, but no details have as yet been received. Mr. Tegtmeyer was a brother of C. F. Tegtmeyer, yardmaster of the G. H. at El Paso. He was 39 years of age, and was considered one of the most valued employees of the road.

Postponed.

The ice cream social to be given by the G. I. A. the B. of L. E. at the residence of Engineer Schwartz will be held on June 26th instead of tonight as was published.

Sparks from the Engine

Johnny Edison, switchman of the G. H., is in Tucson for recreation.

Switchman Thigpen of the G. H. has gone to San Antonio for a short layoff.

Auditor E. M. Harter of the E. P. and N. E. came last night from Alamogordo.

The Santa Fe will tender the visiting teachers a complimentary ride to the smelter.

John F. Oliver has accepted the position of watchman for the G. H. and left last night for his station at Sander son.

Sixty Mexicans with their families left over the S. P. this morning for construction work in Arizona and New Mexico.

Mr. "Clouderoft" Bowman, of the E. P. and N. E., was in the city over night and went out on his road this morning.

The union Sunday school picnic left for Orn's grove this morning. About three hundred excursionists were in the party.

CB Eddy and Supt. A. S. Greig, of the E. P. and N. E., went up to Alamogordo this morning in the private car Paso del Norte.

J. L. Campbell, the civil engineer, left this morning for Clifton, Ariz., where he will do some special work for the Morenci Southern R. R.

Thirteen carloads of Mexican cattle arrived last night over the Sierra Madre, and went over the T. P. this morning to Pecos Valley.

C. F. Tegtmeyer, yardmaster of the G. H., will take a thirty days rest July 10th when he will accompany his family to the seaside of California.

The T. P. has been compelled to borrow equipment from the M. K. & T. to meet the increased passenger traffic caused by the coming teachers' convention.

Major Converse, the man who built the G. H. and S. A. R. R., and who is now the attorney for that road, passed through this morning on his way to California on professional business.

BROKE JAIL.

But They Had Only a Short Vacation.

Andrea Carno, Savino Perez and Max Dominguez, the three Mexican boys arrested by officers Mitchell and Harold on Tuesday charged with the burglary of Thornton's San Antonio Street store, and Roller's N. Oregon street place, were transferred to the county jail this morning at 10:30 o'clock.

Jailers Lyons, not wishing to place them in a cell in a filthy condition, concluded to give them a bath and change of clothes; while waiting for the clothing, he allowed the boys to sit in the back room, off the office, and they seeing an easy door, opened it, and made their exit.

They were gone probably three quarters of an hour when two of them, Cano and Perez, were recaptured in Juarez by Jailers Lyons and young George Harold, and placed in jail there, after having led the officers a lively sprint. The third boy, Dominguez, has been located and will probably be caught this afternoon.

They will be returned to Sheriff Boone by their parents, who will request the Mexican authorities to turn them over. They are all aged about eleven years, and are thought to be the pupils in crime of the quartette of burglars who robbed Max Schut's store ten days ago and are now in jail.

Very Unusual

It is very unusual for a regular physician of good reputation to publicly endorse a proprietary remedy. We have often heard of cases where doctors have secretly prescribed Ackler's English Remedy; but it is most gratifying to receive the following voluntary letter from C. F. Smith, M. D., the most successful physician of Olean, N. Y.:

"Messrs. W. H. Hooker & Co., New York City: I wish to add my professional testimony to the value of your English preparation known as Ackler's English Remedy for Asthma, etc. In several instances, after I have tried my utmost to give even relief, I have prescribed your remedy, and it has acted almost like a miracle, not only relieving, but permanently curing every one of the patients. I endorse the preparation as one of the most valuable additions to the practice of medicine."

Such a frank endorsement as the above is phenomenal. Coming from so distinguished a member of the medical profession, it carries with it an assurance which the public will be sure to avail themselves of. It is recommended like this which make it possible to give the broad guarantee that is a part of every sale of Ackler's English Remedy for Coughs, Colds, Asthma, Bronchitis and Consumption. It must either do all that is claimed for it, or your money will be refunded. Do you know of any other medicine sold on those terms? Do you know of any other medicines which prominent doctors regularly prescribe in their own practice as being better than prescriptions they write themselves? These facts are well worth considering. They are of especial interest to those with sore throats and weak lungs.

Sold at 25c, 50c, and \$1 a bottle, throughout the United States and Canada; and in England, at 2s. 6d., 5s. 6d., and 10s. 6d. If you are not satisfied after buying, return the bottle to your druggist, and get your money back.

We authorize the above guarantee. W. H. HOOKER & CO., Proprietors, New York.

Mines and Mining.

New Machinery.

Four thousand pounds of new machinery has arrived at Mogollon, N. M., for the B. O. B. Mine and Mill at that place.

New Corporation.

The Jeffersonville Lead Mining and Milling company is a new incorporation at Cook, Grant Co., N. M. Capital \$200,000. The property of this company is located at Cook's Peak.

Mines at Steins Pass.

A new company, styled the Mineral Mountain Mining Co., has filed incorporation papers. It is composed of Washington capitalists and has a capital of \$300,000. The company has purchased properties near Stein's Pass and will have offices at Lordsburg, N. M.

They will proceed at once with active development work and will soon erect reduction works for the handling of their own ores and will probably make them large enough to accommodate some custom work.

Golden Giant Mining Company.

Ten thousand dollars worth of new machinery has been ordered for the Golden Giant and Mammoth mining properties at Pinos Altos, N. M., and it is expected to be in operation within a few days. A diamond drill for prospecting has been ordered. These mines have recently changed hands and the new owners have incorporated under the laws of New York as the Golden Giant Mining Company.

Many New Ore Bodies.

Another Huntington mill and seven Frue vanners are soon to be added to the plant of the Ft. Bayard, (N. M.) Smelting and Milling Co., owing to the discovery of many new ore bodies in their properties. Air compressor drills are also to be installed in their mine. This company has just had completed for their mine the most unique headgear in the territory.

The ore is hoisted one hundred feet and falls into a series of crushers which, by the time it reaches the bottom, have it ready for the concentrators. The new three compartment shaft of this company will soon have attained the depth of 1200 feet, after which the work of stopping will be commenced.

Grant County Mining Activity.

A Mexican leased some ground from the Santa Rita Co. in Grant Co., N. M., and made a rich strike. This caused many other leases to be taken and several other rich strikes have been made.

The Grand View Milling Co., has purchased ten acres of ground in the same locality, which includes the famous Mimbre Hot Springs, and will erect thereon a 100 ton per day capacity. It is said that the water from these springs has such a high natural temperature that it may be used for mill purposes without any artificial heating, thus making a great saving in fuel.

Small in size and great in results are DeWitt's Little Early Risers, the famous little pills that cleanse the liver and bowels. They do not gripe. Fred Schaefer, druggist.
